

After the tragic events in the Republic of Haiti and in solidarity with its inhabitants, that are going through such an extremely difficult situation, the canarian companies **Aquatickets Lanzarote S.L**, **Líneas Marítimas Romero SL**, and **Videocosta SL** have decided to make a **donation** for every passenger that goes on an excursion in any of the boats that these companies commercialise; giving continuity to a similar initiative they carried out in relief of those affected for the Asian Tsunami in December 2004.

Therefore, for each adult that enjoys a trip to Fuerteventura, Isla de Lobos, Isla de La Graciosa, Papagayo or any other trip of their excursion program, they will donate one euro to the Lanzarote **Red Cross** Account number 0049 0001 53 2110022225. Likewise, they will donate 50 cents of euro for every child in this same account. This initiative will begin on monday 18th of January and will finish the last day of February.

A summary of all donations will be published on a weekly basis in both Aquaticket's and Lineas Marítimas Romero's website: <http://aquaticket.net> and <http://www.lineas-romero.com/>

We would like to encourage all our clients and collaborators to show **solidarity** with this cause, whether promoting the excursions or by doing a direct donation with the bank account number mentioned above.

Kind regards,
